- Wine and beer

SANITATION FOR EVERY AREA OF YOUR OPERATION:

- Walls, floor and drains
- Chairs and tables
- Bottling lines, conveyors, equipment
- Pipelines, hoses
- Food contact surfaces
- Equipment and machinery
- Fruit and veggie wash
- Wine and beer tanks

PERASAN® A

Hard and Soft Surface Sanitation

PERASAN® A has a high oxidation potential and is very reactive. It exhibits excellent bactericidal and fungicidal activity against a wide range of microorganisms in cold or warm water. Product is stable for a minimum of 1 year under normal conditions. It ultimately degrades to oxygen, water, and acetic acid (vinegar).

APPLICATION

- Fog adjunct for high-level microbial control
- Spray for floors, equipment pipeline, tanks, and conveyors.
- Foam for floors, drains, and walls.

PERASAN® A is an equilibrium mixture of peracetic acid, hydrogen peroxide, acetic acid, proprietary ingredients, and water.

Peracetic acid (% wt.)	5.5-5.9
H2O2 (% wt.)	26.5-27.3
Acetic acid (% wt.)	7-8

PACKAGING

5 gal (45 lb), 53 gal (500 lb), 220 gal (2050 lb), 300 gal (2800 lb). Available in HDPE plastic pails, drums, and totes.

ABOUT US:

MERAS WATER SOLUTIONS has been helping growers in California and Arizona for over 15 years. We specialize in turn-key, customized water treatment programs and sanitation solutions and services. Solving problems and delivering quality customer satisfaction is what drives our team.
